BALKAN STRIFE AROUSES EUROPE

Great Powers Fear Warfare Is Liable to Spread.

SITUATION VERY PUZZLING

Servian Government Announces Almost in the Same Breath Acceptance of Russian Arbitration and Existence of State of War—Dispatches Generally Are Most Conflicting.

London, July 2.—The Balkan situation is extremely puzzling. The Servian government announces almost in the same breath the acceptance of Russian arbitration and the existence of a state of war.

The powers continue working actively to avert a war which might before long involve half of Europe.

The dispatches which arrived from Belgrade are of the most conflicting character. Some announce that fighting has ceased since Monday; others that serious fighting continues and that the Servians have captured Istip and Krupishte, with heavy losses on both sides.

All these reports must be regarded with suspicion. The only tangible fact seems to be that there has been no formal declaration of war or interruption of diplomatic relations as yet.

A dispatch from Rome says that Turkey has notified Bulgaria that unless she abandons her claim to a war indemnity Turkey will join with Servia and Greece in event of hostilities.

SERVIAN MINISTER TALKS

Declares Actual War Exists With Bulgaria.

Belgrade, July 2.—"We are at war with Bulgaria," said the minister of the interior, M. Protic, speaking in behalf of the government in the skupstina.

"Instructions have been given to the Servian commander-in-chief to be prepared to defend our entire line. Bulgaria has attacked us along the whole frontier."

SERVIAN TROOPS ADVANCE

Hostilities Proceeding Energetically Along Whole Line.

Belgrade, July 2.—Latest advices report the Servian troops advancing in the direction of Istip and Kobane.

A cabinet meeting was held at the foreign office, at the conclusion of which it was announced that hostilities were proceeding energetically along the whole line.

ARRANGE FINAL SEPARATION

Insurgent Minnesota Woodmen Organize New Order.

St. Paul, July 2.—The insurgent branch of the Modern Woodmen of America began final separation from the parent society when 100 delegates, representing 25,000 Minnesota Woodmen, it is said, met at the Hotel Ryan, organized the Northwestern Plainsmen, elected temporary officers, a number being prominent men of the state, prepared the required petition demanding separation and chose temporary headquarters at Little Falls, Minn.

The officers elected are: D. P. O'Neill, Thief River Falls, president; W. S. Gilkerson, Minneapolis, vice president; George M. Peterson, Duluth, secretary; C. L. Swenson, Albert Lea, treasurer, and John H. Sundeen, Minneapolis, field manager. The directors, one being chosen from each congressional district, are: Mc-D. Williams, Dodge Center; F. F. Ellsworth, Mankato; Mr. Grover Glencoe; J. A. Larson, St. Paul; R. E. Braden, Minneapolis; E. P. Bacon, Pillager; G. B. Bjornson, Minnesota; C. M. King, Deer River, and J. G. C. Pease, Anoka.

TWO KILLED IN AUTO WRECK

Explosion Occurs While Victims Are Under Wreckage.

Minneapolis, July 2.—Samuel G. Gillespie of Minneapolis, and Claud Clement of North McGregor, Ia., conductor for the St. Paul road, were instantly killed when an auto in which they were returning to Minneapolis from Medicine Lake turned turtle near Glenwood lake and exploded while the two men were pinned beneath it. A third passenger, Morris Olson, Mason City, Ia., also a St. Paul road conductor, escaped with minor injuries.

He crawled from beneath the machine and ran for help. Just before he returned to the scene with several other men there was a terrible explosion and the car with the human beings beneath it was a mass of flames.

COUNTING STRIKE BALLOTS

Result of Railroad Trainmen's Vote to Be Determined.

New York, July 2.—A count of the strike not taken recently among the members of the Order of Railroad Conductors and the Brotherhood of Railroad Trainmen, after being refused a raise in wages by the Eastern railroads, was begun here. The result will not be known for several days.

GREET GOVERNOR WITH REBEL YELL

Southerners Enthuse Over Pennsylvania Executive.

CEREMONIES IN FULL SWING

Fifteen Thousand Men in Blue and Gray Uniforms Pack Large Tent on Gettysburg Battlefield at Opening Ceremonies Marking Fiftieth Anniversary of Long and Desperate Battle.

Gettysburg, Pa., July 2.—In the pitiless glare of a sun that sent the mercury bubbling over the hundred mark, sat in the haze of heat for two hours and shook the camp with their cheers when the speakers made reference to a reunited nation.

Every seat under the canvas was taken long before Secretary of War Garrison and Governor Tener, the orators of the day, came chugging up in their automobiles.

Although the men in gray were far outnumbered by those in blue there were possibly a thousand Southerners in the amphitheater and what they lacked in numbers they made up in lung power.

When Governor Tener finished his speech General Bennett H. Young, commander-in-chief of the United Confederate Veterans, rose slowly and bowed to him. "I can give you something that no one else can give you," he said. "We will now give you the rebel yell."

Rebel Yell Again Heard.

Nine famous Confederate officers and a thousand soldiers of the South gave it so loud that it was heard far back in the crowd towards Gettysburg.

When General Young stepped forward to deliver his address he was greeted with wild enthusiasm, the Union veterans, led by Commander-in-Chief Beers, giving him three lusty cheers and a "tiger."

He took as his keynote the conviction of each side in the great struggle that it fought for a principle which it believed was the truth. One of his opening statements was that the Northern soldiers deserved more credit than the Southerners for the realization of the present reunion.

Among the two hundred guests on the platform were Governors Mann, Virginia; McCreary, Kentucky, and Eberhart, Minnesota, Senator Penrose of Pennsylvania and the following Confederate generals: Robinson, Texas; West, Georgia; Thomas J. Shaffer, Louisiana; A. D. Williams, Florida; E. M. Law, Florida, and Carr, North Carolina.

The veterans poured into the camp, took graciously what small blessings fate passed out to them for a few hours and found permanent quarters when the hard pressed regular army officers could get them ready.

Major Normoyle, second in command to Brigadier General Linnet, estimated that more than fifty thousand men are quartered in a camp intended to hold 40,000.

ACCUSED OF KILLING WIFE

Farmer Who Reported Horse Mutilated Body Arrested.

Langdon, N. D., July 2.—Samuel Holm, a farmer near Milton, was arrested on the charge of murdering his wife. He was brought to Langdon.

It is charged Holm beat the woman on the head with a club, threw her body into a barn and reported he had found the body there, supposedly mutilated by a horse's heels.

WOMAN AUTO BANDIT.

Chicago, July 2.—Mrs. Reide Drunner alleged "auto bandit," charged with holding up a small dry goods store and taking \$5 from the cash register, was indicted. The woman's husband is a well to do garage owner and they have one child.

GET DRUNK ONLY AT HOME

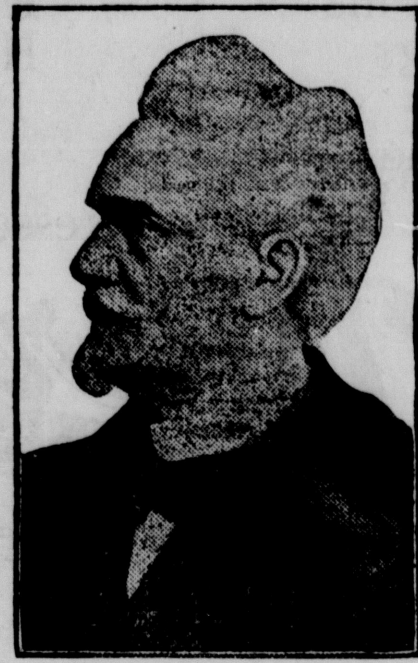

Texas Law Puts Limit on the Zone of Intoxication.

Dallas, Tex., July 2.—An act passed at the recent session of the Texas legislature which became effective makes it unlawful for any person to get drunk at any place except in his own home.

An act requiring saloons to remain closed from 9:30 p. m. until 6 a. m. also went into force.

HENRI ROCHEFORT.

Important Figure in French Political Life Passes Away.

HENRI ROCHEFORT IS DEAD

Noted French Editor, Politician and Duellist Passes Away.

Aix Les Bains, France, July 2.—Henri Rochefort, for many years one of the most important figures in French political life, died here from a complication of maladies at the age of eighty-three.

Henri Rochefort, editor, pamphleteer, duellist and critic of everything from art to politics, was one of the most noted characters in France for more than half a century. He had the most sparkling wit and one of the keenest intellects in all France and the fearlessness and scathing sarcasm with which he attacked every kind of sham and humbug made him a dangerous opponent in the realm of politics.

PAID PRESS BUREAUS WILL BE QUIZZED

Senate Committee to Extend Its Lobby Probe.

Washington, July 2.—With witnesses headed for Washington from many directions to testify on the newest development in the senate's lobby investigation Chairman Overman gave a hint of further sensations in the committee's activities.

An inquiry has been under way for some time, it is understood, into operation of paid press bureaus conducted by large corporations and "interests."

The charges by Martin M. Mulhall, former representative of the manufacturers' association, regarding his lobbying operations, will not be opened formally until next Tuesday. Developments indicated that officers of the senate and members of the lobby committee have been busy secretly for several days procuring new information, the nature of which is now concealed.

Interest centered again about the charges involving many present and former members of congress contained in the correspondence Mulhall has made public, covering his eight years of service as an agent of the National Association of Manufacturers.

Former Presidents Parry and Kirby of that organization, who were to have sailed from San Francisco for Australia, canceled their passage on the demand of the senate officials and will come to Washington to testify Tuesday.

The senate committee has obtained the Mulhall papers for its inquiry.

"LIGHT OF WORLD" IS HELD

\$10,000 Window May Be Retained Until Tariff Bill Is Decided.

New York, July 2.—"The Light of the World," a \$10,000 window made in London for the sanctuary of the Cathedral of St. John the Divine, is being held in the customs house here until the cathedral authorities learn the status of the tariff on windows.

The present duty is 45 per cent, meaning \$4,500 on the window, but under the new bill the duty would be only 15 per cent. It is proposed that the window be left in the hands of the customs authorities until the fate of the new tariff bill is decided.

The window is said to be one of the largest and best ever seen in America. It portrays Christ in heroic form, with the archangels around him.

HERRINGTON IS ALSO "FIRED"

Investigator in Disputed White Slave Cases Discharged.

San Francisco, July 2.—Clayton Herrington, investigator for the United States department of justice, with headquarters here, was dismissed from the federal service by Attorney General McReynolds.

Judge Herrington had been under suspension since early last week for having telegraphed President Wilson a demand that the attorney general be ousted from office because of the action he took in the Diggs-Caminetti and Western Fuel company cases which resulted in the resignation of United States District Attorney McNab.

WILSON'S LOBBY BOMB EFFECTIVE

Recalls Similar Tactics Used by Roosevelt.

SENATORS "RUN TO COVER"

Activity of Senatorial Friends of the Indian—Dry Times in Washington Under New Liquor Law—Stifling the Industry in Ammunition and Antique Guns With Mexico.

By ARTHUR W. DUNN.

Washington, July 2.—[Special.]—President Wilson's bombshell about lobbyists recalls one of a like character hurled at congress by President Roosevelt. An effort was being made to cut down the appropriations for special agents, secret service men and the sleuths generally.

It was charged that spies and detectives were as numerous as in Russia. Roosevelt called in the two score or more of newspaper correspondents, who always liked to get a good White House story, and told them that the real reason why congress was making such a fuss about the secret service was because congressmen were fearful that the sleuths were on the track of congressmen and might expose some of their shortcomings.

Then a fearful rumor spread about that Roosevelt had had his secret service men trailing congressmen for years and had them all card indexed. It caused a great commotion, but it was a Roosevelt win, all right.

Run to Cover.

The lobbyist investigation was simply a "run to cover." Senators knew that lobbyists did not influence them. They had heard men tell what should be and should not be done with the tariff and other legislation, but they did not want they thought would best please their constituents. But the lobbyists had to be pilloried, victims had to be found, a lot of misleading innuendoes had to be circulated, all to prove that senators were not corruptly or unduly influenced in making a tariff bill. But the lobby bomb of Wilson was as effective as similar bombs hurled by Roosevelt when he wanted to bring congress to time.

Friends of the Red Man.

Senator Gallinger, replying to a remark of Senator Owen about men from the east who go out west and "nose around among the Indians," called attention to men from the east who had always given the best in them to the Indian service. He first mentioned Senator Dawes of Massachusetts, who devoted his senate service to the red men. Then came Senator Platt of Connecticut, whose long service on the Indian committee made him known as a friend of the Indian. Then he alluded to Senator Quay, "whose last speech in the senate was about the Indians and brought tears to the eyes of many senators."

Probably no three men ever gave more unselfish devotion to any cause than those three men to the Indians. And there are few western men who will not agree with that statement.

Had to Take Them.

When Congressman John Garner of Texas went on the ways and means committee it was known that he was against free sugar and free wool. It was supposed—in fact, confidently expected—that there would be a fine old row over those articles. Garner explained it by saying: "The president was for free sugar and free wool. We had to accept or split the party. A split and a row was just what the Republicans hoped. We just took our medicine and stood together."

Dry Times in Washington.

People in Washington have just begun to realize how dry Washington will be under the new law. It will be a crime to sell, give or serve liquor on Sundays. Even the locker system in clubs will be doubtful if any one serves the drinks. Several clubs have found it necessary to increase their dues to make up the loss from the restrictions of liquor sales on Sundays. The Sunday begins at 1 o'clock at night and continues until Monday.

Stifling an Industry.

We can recollect what a thriving industry was built up by the Cuban insurrection when filibustering expeditions carried arms to the struggling patriots. Wornout guns and cheap ammunition brought high prices, and our coast guards were unable to stop the expeditions.

The Mexican disturbance offered a splendid field for a like industry, but congress passed a resolution more than a year ago prohibiting the exportation of arms and munitions of war. And the United States army is making that prohibition good and absolutely stifling what would be a thriving industry; hence there are bitter complaints against the officers and soldiers on the border. And efforts are being made to repeal the resolution which the army is enforcing.

Scolds the Galleries.

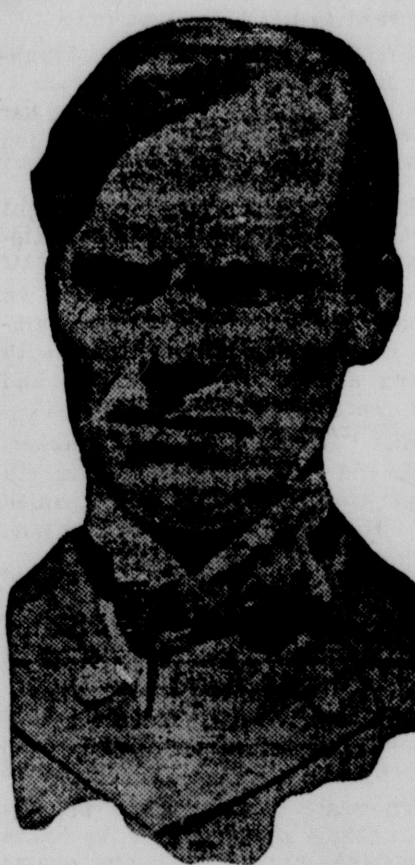

Champ Clark scolds the galleries about the disorder that prevails when the house is in session. "A little conversation in the galleries," he said one day, "makes a tremendous disturbance down here. I want the galleries to keep order as well as members on the floor." And they thought he meant it, for they kept quiet for half an hour.

Oyster Fisheries.

In at least thirty-five countries oysters support special fisheries and in several more figure in the food supply.

GOVERNOR SULZER.

Says There Is Nothing to Breach of Promise Action.

© 1912, by American Press Association.

NAMES SULZER DEFENDANT

Woman Sues New York Governor for Breach of Promise.

Philadelphia, July 2.—William Sulzer of New York was named as the defendant in a breach of promise suit when a summons in trespass was issued here. According to the plaintiff's attorney the defendant was Governor William Sulzer of New York.

The plaintiff is Miss Mignon Hopkins, an attractive woman about thirty-five years old, who formerly lived in Brooklyn, but who is now employed in a local department store.

Albany, N. Y., July 2.—"Nothing to it. Merely another story started by my enemies."

This was Governor Sulzer's reply when questioned concerning the suit.

REBELS ARE ACCUSED OF VICIOUS ACTS

Women Flee to Hills to Escape Mexican Insurgents.

El Paso, Tex., July 2.—Excesses, including assaults on young girls and married women, are charged against soldiers in the command of General Pancho Villa, rebel commander, who two weeks ago captured Casas Grandes.

Scores of women are said to have fled to the hills to escape the insults of the victors. The refugees relate that many of the men are bound and compelled to witness the excesses of the soldiers.

It is claimed this intelligence has caused many of the volunteers in Juarez to join the federal garrison to repulse the anticipated rebel attack.

RETIRES FOURTEEN OFFICERS

Naval Board Forces Men Out of Active Service.

Washington, July 2.—Fourteen naval officers were selected by the "punching board" and including several of the best known men in the navy, were placed on the retired list, along with ten others who voluntarily had asked for retirement. Those forced off the active list were:

Captain Templem Potts, Captain Washington, I. Chambers, Captain John G. Quinby, Captain John M. Elliott, Captain Chester M. Knipper, Commander Clarence M. Stone, Commander Albert L. Norton, Commander Arthur B. Hoff, Commander George G. Mitchell, Lieutenant Commander John L. Sticht, Lieutenant Commander R. S. Douglas, Lieutenant Commander C. P. Hurt, Lieutenant Commander C. T. Wade, Lieutenant E. E. Scranton.

Officers retired upon voluntary applications were: Captain C. C. Marsh and Commanders A. H. Davis, H. C. Kuenzli, F. W. Sawyer, L. S. Thompson, B. B. McCormick, D. V. H. Allen, E. L. Bissett, J. S. Doddridge and A. M. Cook.

OUT OF TOUCH WITH WILSON

White House Officials Do Not Know Exactly Where President Is.

Washington, July 2.—Off for a holiday of seventy-two hours, President Wilson is aboard the yacht Mayflower in Lower Chesapeake bay. No attempt has been made to keep the yacht in touch with Washington by wireless, and even the White House officials do not know the executive's exact whereabouts.

To Arbitrate Ice Strike.

Cincinnati, July 2.—The striking engineers, drivers and helpers of the ice manufacturing plants, who have been on strike for the last two weeks, and the manufacturers agreed here to arbitrate their differences and to resume the manufacture and delivery of ice, pending arbitration.

PANAMA CANAL CAUSES DEFICIT

MAKE PROGRESS ON TARIFF

Senate Democrats Approach a Final Agreement.

Washington, July 2.—Senate Democrats approached a final agreement on the Underwood-Simmons tariff bill in caucus when they made the following decisions on important contested points:

Mutual life insurance companies were exempted from payment of income tax on premiums returned to policyholders in the form of dividends. A stamp tax of one-tenth of 1 cent per pound was agreed to for all trading in cotton futures, the tax to be refunded where cotton is actually delivered.

ACCUSED OF MURDER.

Salt Lake City, July 2.—Mrs. Augustus Ekman, confessed slayer of her twelve-year-old daughter Frances, whose body was found in a trunk at Ogden Saturday last, was formally charged with murder in the office of the district attorney.

At the Empress
A special feature in two parts
is "The Deerslayer."
In the olden days before the time of
the revolution, few settlers had trav-
elled more than a few hundred miles
from the seacoast, except along the
sides of the great lakes. Almost
the only white men to be found were
stray trappers and hunters and the
soldiers in scattered British forts,
placed there chiefly to protect lines
of traffic, such as from Albany to
Montreal. A little off this beaten
track was lake Blimmglass, now
known as Ostego and not many miles
from Utica. It is here that the
scene of the fascinating pioneer ro-
mance of J. Fenimore Cooper is laid,
the story of Deerslayer. He was a
man of peace and yet a mighty hunt-
er. In knowledge of the ways of
the Indians and of wood-craft, he
excelled, due to the fact that he had
been brought up by a Delaware tribe,
who had cared for him after the
death of his white parents. The
story tells how Deerslayer, when
helping an Indian friend, Chingac-
gook, "the Serpent," met with Ju-
dith Hutter, and of her hopeless love.
It is a tale of heroism and noble self-
sacrifice, an inspiration to better
things, gripping throughout by its
intensity and nobility of character.

"The Deerslayer" forms a most at-
tractive subject for the moving-pic-
ture film, because of its freedom of
action and its strong dramatic possi-
bilities. The Vitagraph company,
always on the lookout for good things
have produced the story in a two-
part photo play, which will be shown
in this city at the Empress theatre
tonight. All who have seen this
wonderful picture on the screen
unite in praising the production,
which is at once educating and yet
extremely entertaining.
A special matinee Friday after-
noon.

At the Grand
The two big headlines at the
Grand are "From the Shadows," a
two reel feature and "The Wishing
Seat," both to be shown Tuesday and
Wednesday.
In "From the Shadows" the story
opens with a scene of the Great American
Desert, with its burning suns,
shifting sands and purple and amber
hills—the land that God forgot.
There has been a drought and the
cattle have died by the thousand,
bringing woe to the Indians, a group
of whom are seen gloomily looking
at the dead and dying cows.
A scout sees the redskins, and
knowing their ways, makes haste to
the fort to warn the commander of
the condition existing among the In-
dians, who would no doubt forage
upon their white neighbors when the
pangs of hunger made them desper-
ate.
Col. Bruce and his wife have re-
cently lost their baby and Mrs. Bruce
grieves over the loss of the little one.
The Indians decide to attack the
settlement to obtain food, and hold
a war dance and light fires, with the
smoke of which they signal to their

brothers, who arrive in great num-
bers. They swoop down upon the
cabins of the immigrants, killing the
owners and sacking the houses of
estables. In one place both parents
are killed, but the baby is over-
looked.
This child is rescued by Col. Bruce
and placed in the arms of his dying
wife, restores her reason and stays
the ravages of disease, and saves her
life. With a glad cry she hugs the
little one to her, and with eyes shin-
ing with the light of reason she
turns to the doctor and her anxious
husband and says: "See what God
has given me!"
In "The Wishing Seat" is a very
pretty and attractive comedy. A
young authoress gives a house party,
inviting half a dozen couples. They
pair off and desert her every even-
ing. But she sits in "The Wishing
Seat" and wishes for a nice young
man. A moment later a young ar-
tist falls from the rocks above at her
feet.

HOW TO GET REBATE FREIGHT AND FARE

State Railroad Commission Instructing Railway Agents as to Methods of Procedure

SEND CIRCULARS AND BLANKS

Prepared by Commission Show How to Collect Rebates for Excess Freight and Fare Paid

The state railroad and warehouse commission is sending to agents of all railroads in the state samples of letter and blank form prepared by them explaining to shippers how to collect rebates for freight paid in excess of the rates fixed by the state legislature and passenger fare paid in excess of two cents per mile since July 1, 1911, when the two-cent fare law was passed. According to the circular prepared by the commission shippers and travelers are entitled to 100 per cent of all money paid in excess of the rates established by the legislature. Rebates can be collected on commodity rates from June 1, 1907, and on merchandise rates, rates to distributing centers and passenger rates from July 1, 1911.

A circular has also been issued by the railroad company which provides that mileage books will be honored for the holder and all members of the holder's family accompanying him or her. Hitherto mileage books have only been honored for the holder and have been non transferable. The circular issued by the railroad commission says that it is not necessary to retain an attorney or a special agent to collect rebates. A two cent stamp is all the expense any shipper need be to get his rebate.

GARDEN IN ALLEY

Mrs. George R. West Does Her Part to Beautify Brainerd—Example Should be Imitated

The man who makes two blades of grass grow where before but one grew goes down in history as a public benefactor. But in these modern days the man with the grass-growing proclivities has been excelled by a lady in Brainerd.

Brainerd alleys have often been a reproach. Not so with the alley near the George R. West restaurant. Here is where Mrs. West, by constant work, has transformed into a scene of color and a wealth of fragrance an otherwise humble spot.

Near the restaurant the alley for a distance of 20 feet has been planted with geraniums, foliage, canna's, vines, etc., making a garden plot two feet wide closely adjoining the building. Teamsters and others respect the little oasis. Passersby do not break off the flowers. Strangers comment on the bright spot and regard it as a good idea and compliment the lady who has put a flower garden in an alley.

BRAINERD'S STREET RAILWAY SYSTEM

Minnesota Central Railway Co. Proposition Being Discussed in Range Towns and Other Points

INTERURBAN LINE IS FAVORED

Superior Telegram Has an Editorial From the Pen of H. C. Stivers, Formerly of Brainerd

When the account of the incorporation of the Minnesota Central railway company was heralded to the public in the Dispatch, the project with its plan of a street railway in Brainerd and connecting lines radiating to the north and south range towns of the Cuyuna iron range immediately excited favorable comment.

All papers of the northwest had news items regarding the railway and paid particular attention to Brainerd and the Cuyuna range towns.

H. C. Stivers, editorial writer of the Superior Telegram, said: "Brainerd is to have a local street railway with connecting lines to the neighboring mining communities. The new project promises an expansive policy from the beginning."

In a half column article on the interurban line, the Crosby Crucible says: "The company, according to recent announcement, proposes to construct a street railway in Brainerd, as a connection for the interurban line to the Cuyuna range towns, and possibly Aitkin. The distance between Brainerd and Aitkin is close to thirty miles, with the Cuyuna towns and a well developed farming territory lying between."

"The completed line would be a boon to the Cuyuna range towns, as it would give the people easy, rapid and cheap transportation—bring the communities closer together and augment business in all lines and at all points touched by the road. That is the history of interurban service."

"Crosby is interested in the proposition and sincerely hopes it will be a go."

In Brainerd interest in the railway proposition is growing. It is something Brainerd has wished for and hoped for many years.

Ritari-Kangas

Arvid Ritari and Miss Alvara Kangas, of Menasha, were married at 9:30 this morning at the home of the groom, 1123 Norwood street, the Rev. T. A. Samanen, of the Finnish Lutheran church, officiating in the presence of friends and relatives.

The home was handsomely decorated for the occasion. The bride was attired in a white embroidered dress and carried a bouquet of pink roses. The bridesmaid was her sister, Miss Hulda Kangas, and she was dressed in white voile and carried a bouquet of white roses. The best man was Oscar Hanpaa. After the ceremony a wedding collation was served.

The happy couple left on the noon train for Menasha and Sebeka where they will visit relatives. They will make their home in Brainerd and will be at home to their friends after August 1.

The bridegroom is engaged in the cement business and is well known in the city. The bride is the daughter of Mr. and Mrs. John Kangas, of Menasha, and has a large circle of acquaintances. The Dispatch joins their many friends in wishing them all possible happiness and prosperity.

WHAT DULUTH THINKS OF US

Thomas Merritt, Mining Man, Estimates Population at 50,000 in 10 Years

OUTSIDE CAPITAL IS NEEDED

Good Work of John Wahl in Cuyuna Range Addition to the East of the N. P. Shops

Attorney George H. Gardner returned yesterday from a trip to Duluth and the Twin Cities. Mr. Gardner stated that he was in Duluth the day that the Duluth Evening Herald printed the story about the incorporation of the Minnesota Central Railway and that he heard a number of mining men and others express themselves as believing that it would be the greatest boost for Brainerd and Crow Wing county to have such a line built.

Mr. Gardner said that Thomas Merritt, a well known mining man, had told him that in ten years Brainerd would have a population of fifty thousand people.

"I met Mr. Reid promoter of the line," said Mr. Gardner, "and he certainly seems enthusiastic about the project. He says that all he wants from the people in Brainerd and the vicinity is their co-operation and good-will in the matter and Brainerd will grow so fast that it won't know itself in a few years. I found out from other sources that there is all kinds of capital back of this movement and when it becomes known that the people here are going to support Mr. Reid in his enterprise there is going to be something doing. Personally, I believe that the people here are not going to put any stones in the way of this project but help it along."

"What we need in Brainerd is outside capital. Give outside capital all the show in the world to invest money in Brainerd and build up the town. Some one has said that 'We had better go slow.' Slow, why, we have been going too slow for the last thirty years. Let's go fast for once. How easy it is for us to get outside capitalists interested with a little encouragement."

"Look at what Mr. Wahl of the John Wahl Candy company, and his associates, are doing out on the old fair ground tract. They are going to make a mighty good looking addition to Brainerd there."

"Look at the advertising matter that those people are having distributed all over the northwest concerning Brainerd. A few more men like Mr. Wahl and we would have some city here. I venture to say that by reason of the article in the Duluth Evening Herald concerning the incorporation of the Minnesota Central railway line and the advertising matter sent out by Mr. John Wahl Brainerd is getting more advertising of the right kind than it has had in the last thirty years."

"MICHAEL'S"

"MICHAEL'S"

BIG "GOLD" STRIKE JUST PLAIN MICA

The Motley "Gold Find" on Jones Farm Strikes Innocuous Desuetude Kerplunk!

B. MAGOFFIN, JR., EXAMINES IT

Deerwood Mining Engineer Finds Flakes of Mica, But Not One Single Trace of Gold

The Motley "gold" find has resolved itself into a few flakes of mica. This mica flashes in the sun when the light hits it at the right angle. It is soft and greasy to the touch.

Farmers of the west and Indians of the north have been fooled by the stuff which has a glitter but no other value. Some have dubbed it "fool's gold."

Last Monday B. Magoffin, Jr., a mining engineer of Deerwood, made an examination of the reported "gold" strike on the Jones farm and found that the excitement originated from flakes of mica which are plentiful in the sand and gravel that was encountered in the shallow well. He reports that there is not a trace of gold.

The sensational story circulated from Motley was by the Motley Mercury and that staid, estimable family journal broke as follows into the auriferous metallurgical field: "Rich deposits of gold are reported to have been found on the O. G. Jones farm two miles northeast of Motley. Mr. Jones purchased a farm last summer of G. B. Gregory and moved on to it last fall. He found it necessary to dig a new well and started to sink one at the foot of the hill west of the residence. They took samples of the soil from the top down, sinking the well 14 feet."

"These samples were sent to different assayer's offices to be analyzed and all showed traces of gold varying in value from \$3,420.62 per ton to \$1.05 per ton. In all five assays were taken and their value per ton was as follows: \$3,420.62, \$1,797.99, \$1.76, \$4.60, \$1.05."

"The most valuable ore was found at a depth of six feet. It varied from there down to practically nothing at 14 feet. F. L. Harris, of Aberdeen, S. D., a son-in-law of Mr. Jones, was here last week and looked the ground over. So far nothing further has been done to develop the find or to ascertain the extent of the ore."

This story differed from the usual newspaper version of a gold find in the point that no gold was found at the "grass roots", for there are many "grass roots" prospectors.

A CONFIRMED STATEMENT

Evidence Brainerd Readers Will Appreciate

Doan's Kidney Pills have done splendid work in this locality.

Have merited the unstinted praise they have received.

Here's evidence of their value that none can doubt.

It's testimony from this locality twice told and well confirmed.

Such endorsements are unique in the annals of medicine.

Should convince the most skeptical Brainerd reader.

Mrs. H. Langslow, 409 Ninth St., Brainerd, Minn., says: "We have used Doan's Kidney Pills in our family and have found them very prompt in relieving pain and lameness across the loins and trouble with the kidney secretions. One of my family procured a supply of Doan's Kidney Pills at H. P. Dunn's drug store, and was relieved of an attack of lumbago that had resisted other remedies. We publicly endorsed Doan's Kidney Pills at that time and are now willing to confirm our former statement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Announcement

William Tilsner, of the New Wide Aways Shoe Shop, begs to announce to the people of Brainerd and vicinity that he has bought the Goldberg shoe shop, 303 South Sixth street.

Shoes will be repaired while you wait. Absolutely no disappointment. Bring your shoes and get them repaired immediately.

All shoes will be genuinely hand sewed and absolutely no machine sewing will be done in the shop. That means that your feet are not going to be cut up, or your shoe injured in any way.

And the price will be the same as for machine-sewed soles.

Men's Sewed soles 75c

Ladies' Sewed soles 50c

The only machine which the new shop will use will be the electric finishing machine. Work will be called for and delivered.

4th of July Celebration Suit Sale

Only a few more days left for you to take advantage of these very special bargains

\$9.75 for \$12.50 to \$18 Young men's Suits in sizes 32 to 36. This lot includes every \$12.50 suit in the store in these sizes, and many \$16.50, \$15 and \$18 suits of broken lots that we are willing to make this big sacrifice on in order to clean up these smaller sizes. These are all this season's goods, Kuppenheimer, Sophmore and Arcraft makes which is an unqualified guarantee of their superior quality. You should act quickly to get the full value of this sale as an early selection assures you a better choice from a larger assortment. This is an excellent opportunity to celebrate the 4th of July by dressing up at a small outlay of money. We will have plenty of help during the sale to wait on you promptly.

\$11.75 for \$15 to \$20 Values in two piece outing suits. There are just 20 suits in this lot in sizes 36 to 42 and it will be advisable for you to act quick to get advantage of this offer for we haven't any more of them and can't get them for they are this season's goods and the factories have quit delivering summer goods.

\$6.50 for \$10 to \$12.50 Two piece outing suits. This lot includes but ten of these most excellent suits for outdoor wear in sizes 36, 37, 40 and 42 only. They are just a few two piece outing suits that we have left from a large lot and to clean up the lot we will sell them for \$6.50.

Copyright 1913 The House of Kuppenheimer

\$15 for any suit Including the blue serges, in the store valued up to \$18. Nothing withheld or put away. Suits in all sizes and a large and varied assortment of fabrics from the best mills. Kuppenheimer, Sophmore and Arcraft makes in this season's clothes in two and three button sacks in English models with tight fitting backs, roll fronts, cuffs on sleeves and trousers and high cut form fitting vests. American models with wide shoulders, pressed fronts and peg top trousers. Many other new and original ideas in lapels and pockets.

Some suits from broken lots in values up to \$22.50 are also included in this lot; extraordinary values at \$15.

\$2.95 for \$3.50 to \$4.50 Oxfords in black, tan and patent leather in Ralston, Commonwealth and Bostonian makes. These shoes contain all the good qualities of style, fit, comfort, and wear that make our shoes the most sought after men's foot wear in the city. A large lot to select from in all sizes.

\$1.50 for \$3.00 Telescope felt hats. We have a number of these serviceable hats that we will sell during this 4th of July celebration sale at just one half price. You will find lots of use for just such a hat as this, and it is one of the best buys you can possibly make in the hat line this season.

\$2.35 for \$4 to \$5 dress shoes in tan, patent leather and calf that are a little off in style as to toe but not so much as to be really noticeable. Good serviceable shoes from our regular stock that we want to get rid of and we are celebrating by giving you this low price on them. Sizes 5, 6 and 7.

25 cents for up to 50 cent values in wash and silk ties. During the hot summer days when you perspire freely and there is more or less dust, you dirty lots of ties and naturally want something that you can clean without injury to the fabric. Just a little soap and water, a hot iron and in a few minutes you have a practically new tie.

\$1.75 for \$2.50 to \$3.50 dress shoes, in sizes 5, 6 and 7, that are not just the newest thing in styles, yet they are shoes that have some class to them and can be worn on many occasions and be quite appropriate. Blacks and patent leather. A real 4th of July special for the young fellows that want good shoes at a considerable saving.

ious and comfortable porch. The
porch attracts the eye of a passerby
on account of its beauty and simpli-
city. The screens are of the latest
style which permit an almost unob-
structed view. Hardwood floors
have also been placed in many of the
rooms, new lighting fixtures install-
ed and other changes made. The
carpenter work was done by Charles
Warren.
Under the tuition of Captain Wm.

Corporal O. A. Peterson the Booster
Marching club made rapid progress
in its drill maneuvers at Gardner
hall Tuesday evening and the club
expects to make a creditable show-
ing in the Fourth of July parade.
The Boosters will appear in uniform
and will meet at Kindred and Second
streets where the parade will be
formed. All Boosters not uniformed
will fall in line after the Marching
club. Suits may be obtained from
Bye & Peterson. Buttons are for
sale by Hugh Carmichael.

At the Empress
A special feature in two parts
is "The Deerslayer."
In the olden days before the time of
the revolution, few settlers had trav-
elled more than a few hundred miles
from the seacoast, except along the
sides of the great lakes. Almost the
only white men to be found were
stray trappers and hunters and the
soldiers in scattered British fort-
s. There were chiefly to protect lines
of traffic, such as from Albany to
Montreal. A little off this beaten
track was lake Blimmglass, now
known as Ostego and not many miles
from Utica. It is here that the
scene of the fascinating pioneer ro-
mance of J. Fenimore Cooper is laid,
the story of Deerslayer. He was a
man of peace and yet a mighty hunt-
er. In knowledge of the ways of the
Indians and of wood-craft, he ex-
celled, due to the fact that he had
been brought up by a Delaware tribe,
who had cared for him after the
death of his white parents. The
story tells how Deerslayer, when
helping an Indian friend, Chingach-
gook, "the Serpent," met with Ju-
dith Hutter, and of her hopeless love.
It is a tale of heroism and noble self-
sacrifice, an inspiration to better
things, gripping throughout by its
intensity and nobility of character.
"The Deerslayer" forms a most at-
tractive subject for the moving-pic-
ture film, because of its freedom of
action and its strong dramatic possi-
bilities. The Vitagraph company,
always on the lookout for good things
have produced the story in a two-
part photo play, which will be shown
in this city at the Empress theatre
tonight. All who have seen this
wonderful picture on the screen
unite in praising the production,
which is at once educating and yet
extremely entertaining.
A special matinee Friday after-
noon.

At the Grand
The two big headlines at the
Grand are "From the Shadows," a
two reel feature and "The Wishing
Seat," both to be shown Tuesday and
Wednesday.
Is "From the Shadows" the story
opens with a scene of the Great American
Desert, with its burning suns,
shifting sands and purple and amber
hills—the land that God forgot.
There has been a drought and the
cattle have died by the thousand,
bringing woe to the Indians, a group
of whom are seen gloomily looking
at the dead and dying cows.
A scout sees the redskins, and
knowing their ways, makes haste to
the fort to warn the commander of
the condition existing among the In-
dians, who would no doubt forage
upon their white neighbors when the
pangs of hunger made them desper-
ate.
Col. Bruce and his wife have re-
cently lost their baby and Mrs. Bruce
grieves over the loss of the little one.
The Indians decide to attack the
settlement to obtain food, and hold
a war dance and light fires, with the
smoke of which they signal to their

brothers, who arrive in great num-
bers. They swoop down upon the
cabins of the immigrants, killing the
owners and sacking the houses of
atables. In one place both parents
are killed, but the baby is over-
looked.
This child is rescued by Col. Bruce
and placed in the arms of his dying
wife, restores her reason and stays
the ravages of disease, and saves her
life. With a glad cry she hugs the
little one to her, and with eyes shin-
ing with the light of reason she
turns to the doctor and her anxious
husband and says: "See what God
has given me!"
In "The Wishing Seat" is a very
pretty and attractive comedy. A
young authoress gives a house party,
inviting half a dozen couples. They
pair off and desert her every even-
ing. But she sits in "The Wishing
Seat" and wishes for a nice young
man. A moment later a young ar-
tist falls from the rocks above at her
feet.

HOW TO GET REBATE FREIGHT AND FARE

State Railroad Commission Instructing Railway Agents as to Methods of Procedure

SEND CIRCULARS AND BLANKS

Prepared by Commission Show How to Collect Rebates for Excess Freight and Fare Paid

The state railroad and warehouse commission is sending to agents of all railroads in the state samples of better and blank form prepared by them explaining to shippers how to collect rebates for freight paid in excess of the rates fixed by the state legislature and passenger fare paid in excess of two cents per mile since July 1, 1911, when the two-cent fare law was passed. According to the circular prepared by the commission shippers and travelers are entitled to 100 per cent of all money paid in excess of the rates established by the legislature. Rebates can be collected on commodity rates from June 1, 1907, and on merchandise rates, rates to distributing centers and passenger rates from July 1, 1911.

A circular has also been issued by the railroad company which provides that mileage books will be honored by the holder and all members of the holder's family accompanying him or her. Hitherto mileage books have only been honored for the holder and have been non transferable. The circular issued by the railroad commission says that it is not necessary to retain an attorney or a special agent to collect rebates. A two cent stamp is all the expense any shipper need be to get his rebate.

GARDEN IN ALLEY

Mrs. George R. West Does Her Part to Beautify Brainerd—Example Should be Imitated

The man who makes two blades of grass grow where before but one grew goes down in history as a public benefactor. But in these modern days the man with the grass-growing proclivities has been excelled by a lady in Brainerd.

Brainerd alleys have often been a reproach. Not so with the alley near the George R. West restaurant. Here is where Mrs. West, by constant work, has transformed into a scene of color and a wealth of fragrance an otherwise humble spot.

Near the restaurant the alley for a distance of 20 feet has been planted with geraniums, foliage, cannas, vines, etc., making a garden plot two feet wide closely adjoining the building. Teamsters and others respect the little oasis. Passersby do not break off the flowers. Strangers comment on the bright spot and regard it as a good idea and compliment the lady who has put a flower garden in an alley.

BRAINERD'S STREET RAILWAY SYSTEM

Minnesota Central Railway Co. Proposition Being Discussed in Range Towns and Other Points

INTERURBAN LINE IS FAVORED

Superior Telegram Has an Editorial From the Pen of H. C. Stivers, Formerly of Brainerd

When the account of the incorporation of the Minnesota Central railway company was heralded to the public in the Dispatch, the project with its plan of a street railway in Brainerd and connecting lines radiating to the north and south range towns of the Cuyuna iron range immediately excited favorable comment.

All papers of the northwest had news items regarding the railway and paid particular attention to Brainerd and the Cuyuna range towns.

H. C. Stivers, editorial writer of the Superior Telegram, said: "Brainerd is to have a local street railway with connecting lines to the neighboring mining communities. The new project promises an expansive policy from the beginning."

In a half column article on the Interurban line, the Crosby Crucible says: "The company, according to recent announcement, proposes to construct a street railway in Brainerd, as a connection for the interurban line to the Cuyuna range towns, and possibly Aitkin. The distance between Brainerd and Aitkin is close to thirty miles, with the Cuyuna towns and a well developed farming territory lying between."

"The completed line would be a boon to the Cuyuna range towns, as it would give the people easy, rapid and cheap transportation—bringing the communities closer together and augment business in all lines and at all points touched by the road. That is the history of Interurban service."

"Crosby is interested in the proposition and sincerely hopes it will be a go."

In Brainerd interest in the railway proposition is growing. It is something Brainerd has wished for and hoped for many years.

Ritari-Kangas

Arvid Ritari and Miss Alvira Kangas, of Menasha, were married at 9:30 this morning at the home of the groom, 1123 Norwood street, the Rev. T. A. Samanen, of the Finnish Lutheran church, officiating in the presence of friends and relatives. The home was handsomely decorated for the occasion. The bride was attired in a white embroidered dress and carried a bouquet of pink roses. The bridesmaid was her sister, Miss Hulda Kangas, and she was dressed in white voile and carried a bouquet of white roses. The best man was Oscar Hanpaa. After the ceremony a wedding collation was served.

The happy couple left on the noon train for Menasha and Sebeke where they will visit relatives. They will make their home in Brainerd and will be at home to their friends after August 1.

The bridegroom is engaged in the cement business and is well known in the city. The bride is the daughter of Mr. and Mrs. John Kangas, of Menasha, and has a large circle of acquaintances. The Dispatch joins their many friends in wishing them all possible happiness and prosperity.

WHAT DULUTH THINKS OF US

Thomas Merritt, Mining Man, Estimates Population at 50,000 in 10 Years

OUTSIDE CAPITAL IS NEEDED

Good Work of John Wahl in Cuyuna Range Addition to the East of the N. P. Shops

Attorney George H. Gardner returned yesterday from a trip to Duluth and the Twin Cities. Mr. Gardner stated that he was in Duluth the day that the Duluth Evening Herald printed the story about the incorporation of the Minnesota Central Railway and that he heard a number of mining men and others express themselves as believing that it would be the greatest boost for Brainerd and Crow Wing county to have such a line built.

Mr. Gardner said that Thomas Merritt, a well known mining man, had told him that in ten years Brainerd would have a population of fifty thousand people.

"I met Mr. Reid promoter of the line," said Mr. Gardner, "and he certainly seems enthusiastic about the project. He says that all he wants from the people in Brainerd and the vicinity is their co-operation and good-will in the matter and Brainerd will grow so fast that it won't know itself in a few years. I found out from other sources that there is all kinds of capital back of this movement and when it becomes known that the people here are going to support Mr. Reid in his enterprise there is going to be something doing. Personally, I believe that the people here are not going to put any stones in the way of this project but help it along."

"What we need in Brainerd is outside capital. Give outside capital all the show in the world to invest money in Brainerd and build up the town. Some one has said that 'We had better go slow.' Slow, why, we have been going too slow for the last thirty years. Let's go fast for once. How easy it is for us to get outside capitalists interested with a little encouragement."

"Look at what Mr. Wahl of the John Wahl Candy company, and his associates, are doing out on the old fair ground tract. They are going to make a mighty good looking addition to Brainerd there."

"Look at the advertising matter that those people are having distributed all over the northwest concerning Brainerd. A few more men like Mr. Wahl and we would have some city here. I venture to say that by reason of the article in the Duluth Evening Herald concerning the incorporation of the Minnesota Central railway line and the advertising matter sent out by Mr. John Wahl Brainerd is getting more advertising of the right kind than it has had in the last thirty years."

BIG "GOLD" STRIKE JUST PLAIN MICA

The Motley "Gold Find" on Jones Farm Strikes Innocuous Desuetude Kerplunk!

B. MAGOFFIN, JR., EXAMINES IT

Deerwood Mining Engineer Finds Flakes of Mica, But Not One Single Trace of Gold

The Motley "gold" find has resolved itself into a few flakes of mica. This mica flashes in the sun when the light hits it at the right angle. It is soft and greasy to the touch.

Farmers of the west and Indians of the north have been fooled by the stuff which has a glitter but no other value. Some have dubbed it "fool's gold."

Last Monday B. Magoffin, Jr., a mining engineer of Deerwood, made an examination of the reported "gold" strike on the Jones farm and found that the excitement originated from flakes of mica which are plentiful in the sand and gravel that was encountered in the shallow well. He reports that there is not a trace of gold.

The sensational story circulated from Motley was by the Motley Mercury and that staid, estimable family journal broke as follows into the auriferous metallurgical field: "Rich deposits of gold are reported to have been found on the O. G. Jones farm two miles northeast of Motley. Mr. Jones purchased a farm last summer of G. B. Gregory and moved on to it last fall. He found it necessary to dig a new well and started to sink one at the foot of the hill west of the residence. They took samples of the soil from the top down, sinking the well 14 feet.

"These samples were sent to different assayer's offices to be analyzed and all showed traces of gold varying in value from \$3,420.62 per ton to \$1.05 per ton. In all five assays were taken and their value per ton was as follows: \$3,420.62, \$1,797.99, \$1.76, \$4.60, \$1.05.

"The most valuable ore was found at a depth of six feet. It varied from there down to practically nothing at 14 feet. F. L. Harris, of Aberdeen, S. D., a son-in-law of Mr. Jones, was here last week and looked the ground over. So far nothing further has been done to develop the find or to ascertain the extent of the ore."

This story differed from the usual newspaper version of a gold find in the point that no gold was found at the "grass roots", for there are many "grass roots" prospectors.

A CONFIRMED STATEMENT

Evidence Brainerd Readers Will Appreciate

Doan's Kidney Pills have done splendid work in this locality.

Have merited the unstinted praise they have received.

Here's evidence of their value that none can doubt.

It's testimony from this locality twice-told and well confirmed.

Such endorsements are unique in the annals of medicine.

Should convince the most skeptical Brainerd reader.

Mrs. H. Langslow, 409 Ninth St., Brainerd, Minn., says: "We have used Doan's Kidney Pills in our family and have found them very prompt in relieving pain and lameness across the loins and trouble with the kidney secretions. One of my family procured a supply of Doan's Kidney Pills at H. P. Dunn's drug store, and was relieved of an attack of lumbago that had resisted other remedies. We publicly endorsed Doan's Kidney Pills at that time and are now willing to confirm our former statement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Shoes will be repaired while you wait. Absolutely no disappointment. Bring your shoes and get them repaired immediately.

All shoes will be genuinely hand sewed and absolutely no machine sewing will be done in the shop. That means that your welt is not going to be cut up, or your shoe injured in any way.

And the price will be the same as for machine-sewed shoes.

Men's Sewed soles 75c

Ladies' Sewed soles 50c

The only machine which the new shop will use will be the electric finishing machine. Work will be called for and delivered.

\$2.95 for \$3.50 to \$4.50 Oxfords in black, tan and patent leather in Ralston, Commonwealth and Bostonian makes. These shoes contain all the good qualities of style, fit, comfort, and wear that make our shoes the most sought after men's foot wear in the city. A large lot to select from in all sizes.

\$1.50 for \$3.00 Telescope felt hats. We have a number of these serviceable hats that we will sell during this 4th of July celebration sale at just one half price. You will find lots of use for just such a hat as this, and it is one of the best buys you can possibly make in the hat line this season.

\$2.35 for \$4 to \$5 dress shoes in tan, patent leather and calf that are a little off in style as to toe but not so much as to be really noticeable. Good serviceable shoes from our regular stock that we want to get rid of and we are celebrating by giving you this low price on them. Sizes 5, 6 and 7.

25 cents for up to 50 cent values in wash and silk ties. During the hot summer days when you perspire freely and there is more or less dust, you dirty lots of ties and naturally want something that you can clean without injury to the fabric. Just a litle soap and water, a hot iron and in a few minutes you have a practically new tie.

\$1.75 for \$2.50 to \$3.50 dress shoes, in sizes 5, 6 and 7, that are not just the newest thing in styles, yet they are shoes that have some class to them and can be worn on many occasions and be quite appropriate. Blacks and patent leather. A real 4th of July special for the young fellows that want good shoes at a considerable saving.

Exchange of Courtesies.

"This man who wants board on credit claims to be a foreign nobleman."

"Show you any proof?" asked the proprietor.

"Showed me a photograph of a castle."

"Well, I have no objection to your showing him a photograph of a ham sandwich."—Kansas City Journal.
